

Dee Chuisano

Dee, canine behavior consultant and dog training instructor, has been helping pet owners since 1982. Her professional goal is to help people understand and communicate with their dogs in order to develop a strong bond. The desired result is human and dog living together with mutual respect and in harmony. Dee believes in the use of management and cooperation without intimidation instead of punishment. Dee demonstrates the rewards of positive training and benevolent leadership by the example of the relationship she shares with her dogs. The proof is in her dogs' willingness to cooperate, giving them the freedom to have lots of fun together.

Dee actively competes in obedience and rally trials. Her dogs have ranked in Top Ten Obedience since 1989. Dee's obedience achievements include numerous HITs (high in trial) two UDX (utility dog excellent), with OTCH (obedience trial champion) points, five UD's (utility dog), eight CDX's (companion dog excellent) and twelve CD's (companion dog). Dee has accomplished four MH's (master hunter) at AKC hunt tests. She also shows her dogs in conformation. Dee's dogs Beau, Sheera, Purse, Cricket and Celine have been successful models for print and TV media. She attributes her many successes to the use of positive training.

*"If there are no dogs in heaven, when I die, please send me where they went."
~Will Rogers*

*"The dog does not need to be lowered in rank so much as the PEOPLE
need to act like people worth listening to."
~Suzanne Clothier, "Bones Would Rain From the Sky"*
